

## **First Aid, Medical and counselling facilities**

We at Pydah College of Engineering care for our student's health and wellness. We believe that healthy minds produce productive results. The campus is well provided with an experienced and amicable in house Medical Assistants who takes care of the wards round the clock.

### **Medical Facilities provided in the Institute:**

Pydah College of Engineering strongly believes that excellence in education is achieved only through strong mental and physical health conditions. As a leading women's institute, we are much concerned about the health and hygiene of the students. Ensuring this following are the facilities/amenities provided by the college.

A Senior Nurse is appointed as a full time service provider in medical emergency.

A General physician is made available in the college twice in a week to look after general/common queries/health issues.

A Psychiatrist is appointed to visit twice a week to assist students in maintaining their psychological and emotional balance.

The institute also possess/provides well equipped ambulance services in case of emergency.

In case of emergency, we approach Govt. General Hospital, Kakinada for their medical assistance.

The Institute particularly maintains availability of first aid kit in every department including laboratories and sports room as well.

Every medical emergency of students is addressed immediately and relevant medicine is provided on spot.

The institute has a tidy and well-maintained girls' common room to support during emergency.
