The sessions were conducted for two days and side by side importance of its use was shared to the students. The trainers motivated students very well. Now they are ready to take up these kinds of session to enhance their knowledge. Our students had good interaction in clearing their doubts. Practical expose made the program real time. After the program students asked to arrange more of these of sessions.

Objectives of the program: Is to provide quality content on your website, regularly adding new information, establishing trust, and marketing your site on other websites and social media. The content helps to serve as a roadmap for the design, development, and marketing of the website, providing a clear direction for content creation, user experience, and functionality.

Topics Covered: Basics of Web Designing, Multimedia and its Applications, HTML & CSS Java Script Functions and Objects, JavaScript and the DOM, JavaScript and HTTP (forms)

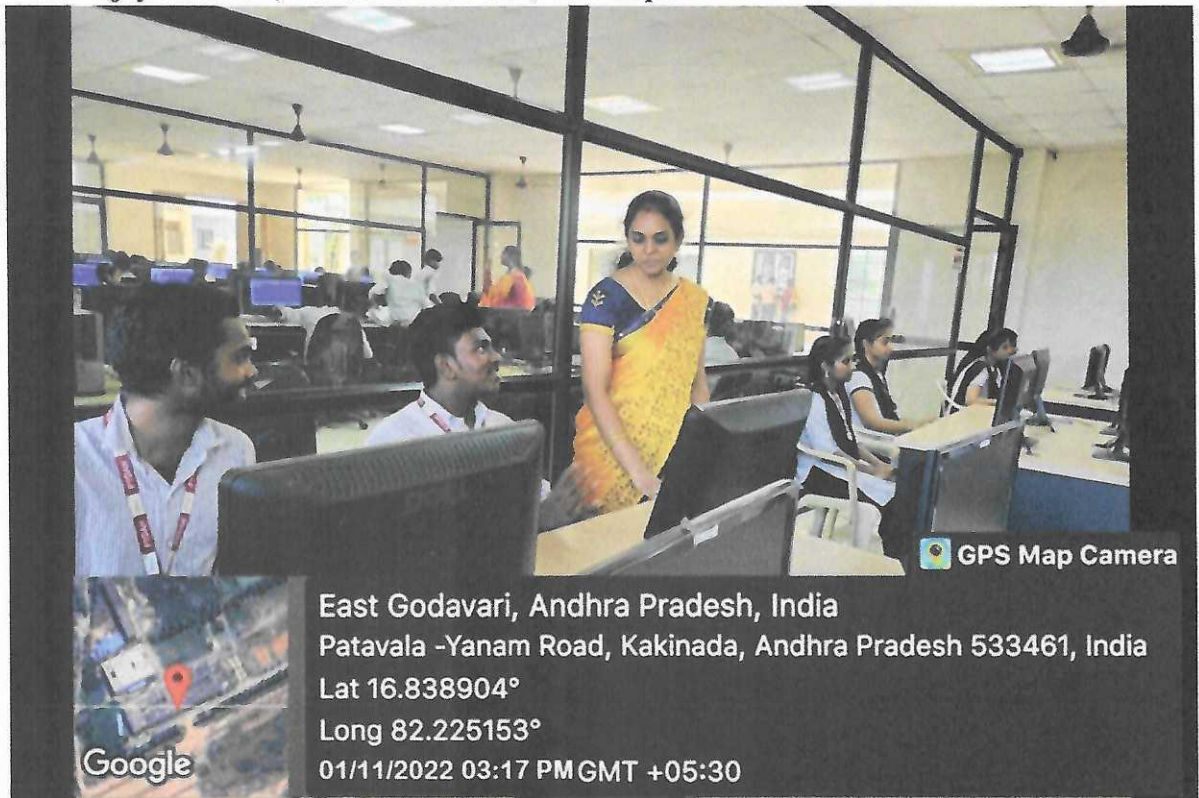

Outcomes of the Program: Student comes to know how does web works really, what makes web sites work. We learn Design techniques, setting up page layout, color schemes, contract, and typography in the designs. It also helps to structure, organize, and publish a website using HTML5 and CSS with how to view a site’s HTML and understand its structure, purpose.

Language skills are the abilities that enable you to express your thoughts coherently and communicate with others. These skills provide structure and relevance to the information you wish to convey to the recipient. Reading, writing, listening and speaking are four essential skills that comprise basic language competency. **Pydah College of Engineering** conducted a three day program on “**Language Skills**” with the support of Placement cell for 3 days to all III-year students from **14/9/22 to 16/9/22** in the college. The program is only to enhance employability skills. After the 3 days session’s students were satisfied in handling basics skills. After the program students gave their valuable feedback and asked for these kinds of sessions.

The following topics were broadly discussed.

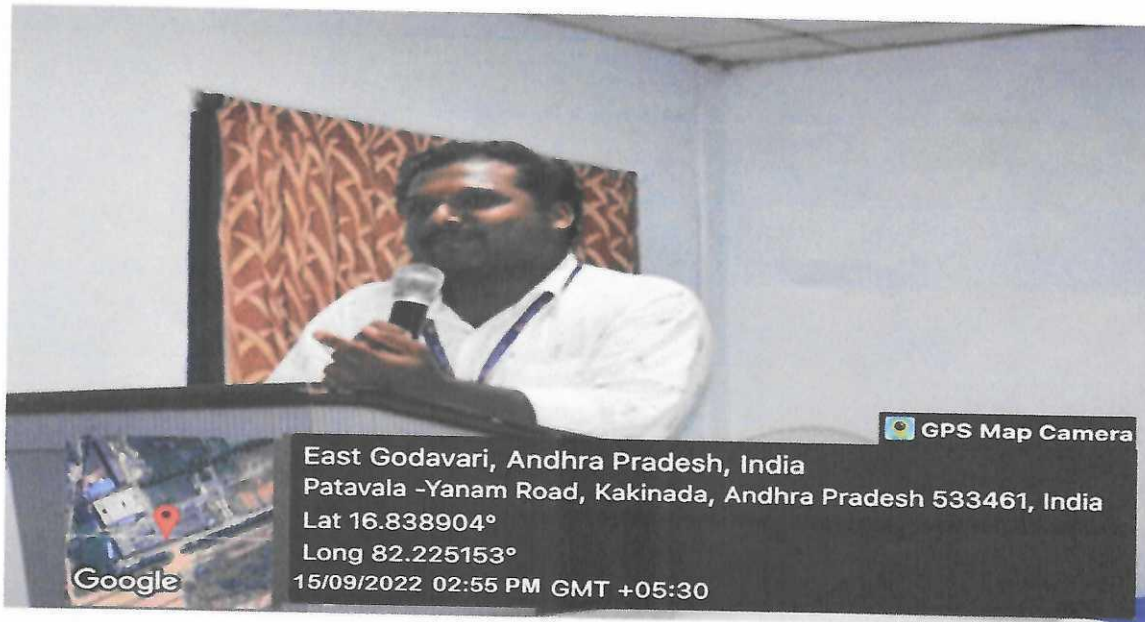

Day 1) Listening skills & Speaking Skills

Day 2) Writing Skills & Reading Skills

Day 3) JAM & GD

The Pydah Engineering College conducted a one day program on **Life Skills** on the occasion of **YOGA DAY** on 21/10/22 at our college in Seminar Hall. The program was initiated by our principal with a motivational speech. After the speech the resource person spoke on how to maintain good health by practicing YOGA. Regular yoga practice creates mental clarity and calmness; increases body awareness; relieves chronic stress patterns; relaxes the mind; centers attention; and sharpens concentration. To bring awareness among students the college conducted International Yoga Day.

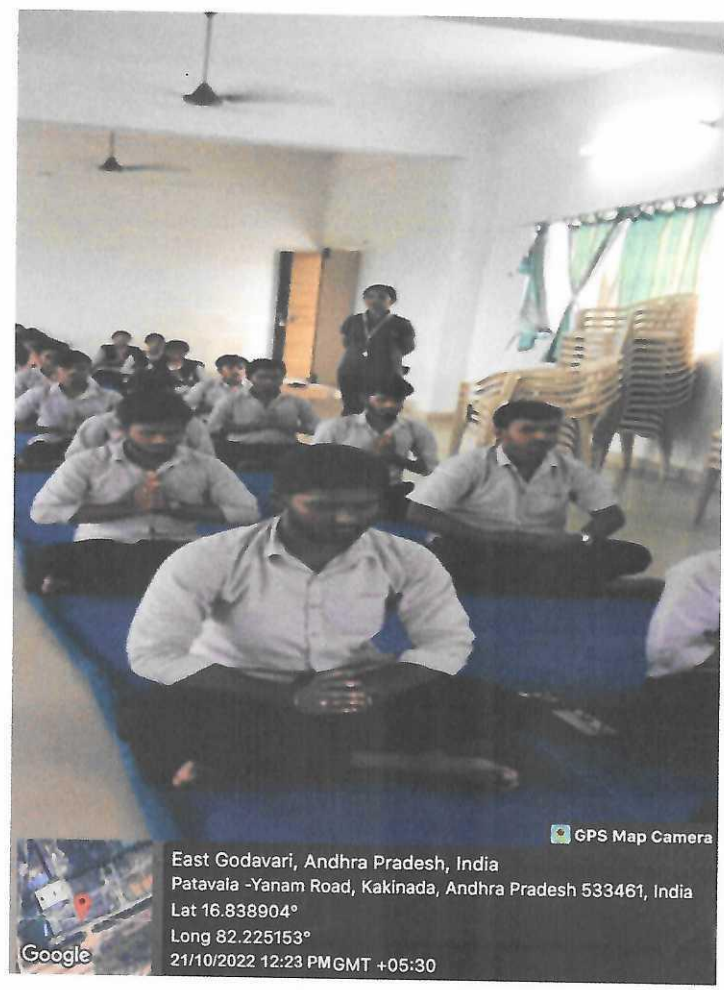

I & II B.Tech students attend the Program. Our students-maintained discipline and learned how yoga helps to keep good health. The session was concluded with the vote of thanks.
