ABOUT DEPARTMENT

The Department of Humanities & Basic Sciences being the foundation of engineering is responsible for strengthening the very first understanding of the engineering profession that binds subjects of universal application such as English, Mathematics, Physics, Chemistry, and Environmental Sciences. "The sciences are the 'how,' and the humanities are the 'why'-why are we here, why do we believe in the things we believe in. In addition to these high-level insights, however, they also provide practical applications that can enhance your professional skill set and give you a competitive edge. The department currently comprises well qualified faculty members. The department transforms the technical into the creative through its engagement with various productive clubs like HR Club, Technical Club, Arts Club and many more. "The arts and humanities teach us who we are and what we can be. They lie at the very core of the culture of which we're a part."
